Apple iCloud, May 20

Eleven Apple services, including email, suffered a seven-hour outage. Some went down entirely, others were just working really, really slow.

Disrupted services included iCloud Drive, Photos, Documents, Find My iPhone, Back to My Mac,

iCloud Backup, iCloud Keychain, iCloud Mail, iMovie Theater and iWork for iCloud Beta.

According to Apple's system status page, some 40 percent of the world's 500 million iCloud users were affected.
