Site Availability Issues Due to Failed Enhancement of Our Timeline Cache 10 years ago

Update: We're currently experiencing site availability issues resulting from the failed enhancement of a new approach to timeline caching. Our infrastructure and operations engineers are currently working to resolve this. We'll update you soon with an ETA.

Update: 10:17 PM PDT: Users may temporarily experience missing tweets from their timelines. They will be restored shortly.

Update: 11:51 PM PDT: We're recovering from the site outage. Remember, users may temporarily experience missing or duplicate tweets from their timelines. Normal timelines will be restored shortly.

Update: June 15th 04:11 AM: The site is fully recovered.

Please Note: Users may temporarily experience missing or duplicate tweets from their timelines. Normal timelines can be restored by refreshing your browser.
