

Most of Apple's iCloud services undergoing service disruptions

by MATTHEW PANZARINO — Dec 18, 2012 in APPLE

Most of Apple's iCloud services are [undergoing some kind of service disruption](#) right now. Fortunately, those do not include iMessage or iTunes in the Cloud, but they do include Mail, Calendar, Reminders, Backup, Photo Streams and more.

Thanks to Apple's [brand new, more granular status page](#), we know that the issued began just over an hour ago at around 2:30 PST. The list of features affected is also very specific now, though the page hasn't been updated with the percentage of users affected, as was the case last time.

So if you're having issues with iCloud services, now you know why. Unfortunately, Game Center is up, so we can't [blame the Letterpress update](#) for this one.
