Incident documentation/20150622-EventLogging

[< Incident documentation](#)

Summary

Between Mon, 22 Jun 2015 16:10:29 UTC and Mon, 22 Jun 2015 16:43:17 UTC server side events were dropped.

We did a deploy for which forwarder (and other) config files needed to be changed. In doing so we forgot to add the --count flag to the server side forwarder config. During this period, server side events were not processed.

Actionables

- Status: ■ **Done** Backfill lost events.
